## Press Release

FOR IMMEDIATE RELEASE

Garland, TX -- **RS Series NETWORK Large Cable Bundle Rack**

Large Cable Bundles are no problem in this rack! With an ample 4.25" - 10" space on either left, mid or right side of the cabinet, you can drop cables without crowding or pinching. Maintain the security of a locked enclosure with the new NETWORK Series of server racks from Rackmount Solutions!

There are two rack widths from which to select:

- 24"w internal allows 4" to 6" of extra space on the left or right side of rack when set at 19"
- 28"w internal allows 6" to 10" of extra space on the left, mid or right hand side of the rack when set at 19"

Each server rack assembly includes:

- 2 sets of "L" shaped infinitely adjustable square hole vertical mounting rails
  - Rails adjust left to right as well as front to back. Rails are recessed 3" front and 3" rear.
    - 24"w rack, set the rails at 19" or 23"
    - 28"w rack, set the rails at 19", 23", 24" or 28"
- Base, low profile casters and leveling feet
- 40 pcs M6 hardware
- Durable powder coat finish, 7 standard colors
- Ships completely assembled

Any combination of optional doors, side panels or fan tops can be added as this series matches our standard **RS**, **RSP** and **FRS series** dependable server racks.

Available in 40u, 42u, 44u, 48u, useable depths of 24", 30" and 36"

Manufactured in the USA, using American processed steel, these cabinets are built in an ISO 9001-2000 certified facility.
